

Georg-August-Universität Göttingen		6 C
Module M.EuCu.50: Understanding Europe		2 WLH
<p>Learning outcome, core skills: As part of the research track, this module serves to introduce students into a social science perspective on European studies and allows them to sharpen their scholarly profile. In this module, social science research on Europe will be applied to current social and political problems, and students will learn to critically evaluate real-world problems with a social scientific perspective. The students:</p> <ul style="list-style-type: none"> • learn to participate in scientific debates, critically reflect theoretical arguments and empirical material, and form their own standpoint • are able to translate these reflections into concrete strategies and give advice to decisionmakers. 		<p>Workload: Attendance time: 28 h Self-study time: 152 h</p>
Course: Understanding Europe
