<b>Module M.MM.005: Elective Module English for Scientists</b>		
<b>Learning outcome, core skills:</b> In the course "English for Scientists" the students extend their knowledge of the English language in a scientific context at an advanced level. The emphasis in the course for Masters students is on the skills required in positions of responsibility and leadership. The participants will learn to communicate in international situations successfully and with self-confidence in both spoken and written English. After completing the module, the students will be familiar with the fundamentals of: formal writing for the purpose of acquiring research partners and sponsors, telephoning internationally, meetings, and the planning of a visit by international partners. Linguistic abilities will also be promoted by discussion of further relevant themes such as "leadership" and "cultural differences in business" in English.		<b>Workload:</b> Attendance time: 28 h Self-study time: 92 h
