

Georg-August-Universität Göttingen		6 C
Module M.Geo.255: Applied Geology Project		1 WLH
Learning outcome, core skills: The aim of this module is to introduce the students to procedures of scientific work as well as writing and presenting in science. This comprises (1) how to obtain scientific data, (2) how to organize and summarize the relevant information in a report, and finally (3) how to provide a clear and concise oral presentation of the report. Students can either choose an assigned project (laboratory/field work, programming/numerical modeling) or a literature research as a basis for their report and oral presentation. Furthermore the students will have to participate in the weekly seminar of the Applied Geology department. The topic of the report and presentation should be related to one of the research and teaching activities of the department and will be assigned according to the field of work of the responsible supervising tutor.		Workload: Attendance time: 14 h Self-study time: 166 h
Course: M.Geo.151.2 Hydrogeological Seminar (belongs to M.Geo.151.2) (Seminar) <i>Course frequency:</i> each summer semester		1 WLH
Examination: Oral Presentation (approx. 30 minutes) M.Geo.255.Mp: Projekt Angewandte Geologie Examination prerequisites: 12 participations in the weekly seminar in M.Geo.151.2 of the Applied Geology department.		6 C
Examination requirements: The students know how to obtain scientific data in topics of applied. They can organize and summarize the relevant information in a report, and finally they know how to provide a clear and concise oral presentation of the report. Oral presentation in the weekly seminar of the Applied Geology department.		
Admission requirements: none	Recommended previous knowledge: none	
Language: English, German	Person responsible for module: Staff of the Department Applied Geology	
Course frequency: each semester	Duration: 1 semester[s]	
Number of repeat examinations permitted: twice	Recommended semester: from 2	
Maximum number of students: 4
