Georg-August-Universität Göttingen
Module M.WIWI-HGM.0006: History of Global Markets: Places

Learning outcome, core skills:
Students learn about regional and country cases which are instructive for the history of global markets, focusing e.g. on Germany or the United States of America. They become familiar with the economic and social characteristics of the geographical area to which the course is devoted. They learn to identify local peculiarities and country-specific developments, and to interpret them comparatively.

Workload:
Attendance time: 28 h
Self-study time: 152 h

Course: History of Global Markets: Places (Seminar or lecture)
Contents:
The course introduces the history of selected countries or regions to study peculiar local economic and social characteristics and developments, relevant to the emergence and change of global market economies.
